

Auction Calendar 2019

For EEX, **EUA** auctioning includes the following ~ 685 million EUAs for the whole year 2019 (thereof ~ 304 million EUAs indicative as the volumes from September to December 2019 are subject to MSR adjustments):

Volume 2019	Number of auctions 2019	States	Details
412,480,500	141	25 EU Member States	Weekly auctions on Mondays, Tuesdays and Thursdays
156,028,500	48	Germany	Weekly auctions on Fridays
116,957,000	24	Poland	Biweekly auctions on Wednesdays

For EEX, **EUAA** auctioning includes the following ~ 5 million EUAAs for the whole year 2019:

Volume 2019	Number of auctions 2019	States	Details
3,833,500	6	25 EU Member States	16 January, 13 March, 8 May, 17 July, 11 September, 6 November
801,500	1	Germany	9 October
112,500	1	Poland	22 May

Compared to 2017 and 2018 the auction volume will decrease significantly in 2019 due to the application of the MSR that has been designed and implemented within in the EU ETS as a response to the structural and long-lasting nature of the emissions allowances surplus that emerged among the effects of the global financial crisis that started in 2009.

Auction volumes since 2010

EEX provides detailed information in the auction calendar at the following link:
