

## **EEX price list – changes to the prices for connections, frontends and trading system interfaces**

Dear Trading Participant,

EEX will update the pricing for connections, frontends and interfaces to the trading system by third party providers which will come into effect from 01 October 2023. In addition EEX will introduce a new session type “ETI High Frequency Ultra Session” (max. 250 transactions/second).

All changes can be read in the new price list, which can be found under the following link: [EEX Price List](#).

Please do not hesitate to contact us if you should have questions.

Yours sincerely,

EEX Market Operations
