

Self Service Functions in Member Section

Reminder to appoint a Central Coordinator

Leipzig/Paris, 24 November 2023

Dear Exchange Participant,

EEX successfully launched new functionalities within the Member Section in September 2023 (<https://membersection.deutsche-boerse.com/>). If not already done, we kindly request you to appoint a Central Coordinator for the Member Section by 31 December 2023. This is a prerequisite to use the portal.

With the introduction of the Member Section, we have also changed the way we deliver notifications. The designated Central Coordinator now only receives information (in English) in the event of changes in management, product and market extensions. Trader admission and termination notifications are sent directly to the affected trader. Please inform us if you require your notifications in German language.

Please do not hesitate to contact us if you have any further questions.

Yours sincerely,

EEX Customer Care Team
