Reporting of Facility and Business Inside Information

EEX Transparency Platform is the central platform which fulfills disclosure obligations as required by REMIT, MAR and EU Transparency Regulation across various commodities in Europe.
EEX Transparency Platform collects, publishes and submits transparency data and inside information on the power, natural gas and emissions markets. It allows market participants to easily bundle many disclosure and data forwarding obligations.

Our Services
- Effective and timely data publication on a central Inside Information Platform (IIP)
- Automatic data forwarding to authorities such as ACER and to ENTSO-E
- Active data distribution

Your Advantages
- Far-reaching disclosure
- EEX is an approved data provider for ENTSO-E
- Secure and certificate-based solution
- Continuous development to fulfil regulatory requirements
- Technical validation and quality checks ensure highest data quality
