¹ The amount of emission certificates ("nEHS certificates") that can be acquired within the framework of the so-called post-purchase rule has been limited to 10 percent by the federal legislator in accordance with paragraph 10(2)(3) in conjunction with (1) sentence 1 of the Fuel Emissions Trading Act (BEHG). Accordingly, obligated parties as per BEHG may, in the following year, purchase up to 10 percent of nEHS certificates at the respective fixed price of the previous year. This provision is valid until 2026. Pursuant to paragraph 10(1) of the Fuel Emissions Trading Regulation (BEHV), the decisive factor for calculating the maximum possible 10 percent for the post-purchase rule is the amount of nEHS certificates an obligated party holds in their compliance account at the end of the calendar year.

² Obligated parties as per BEHG are required to surrender nEHS certificates in the national registry (nEHS registry) by 30 September of each year. The surrender must take place no later than 30 September from the respective compliance account. The deadlines for the transfer of nEHS certificates in the nEHS registry must be kept accordingly by the responsible parties in order to ensure timely fulfilment of the surrender obligation.
