

EEX tenders new market making¹ agreements for Emissions Spot and Futures Market

Dear trading participants,

EEX will adjust the offered market making scheme and market maker selection process for the Emissions Spot and Futures Market. For this purpose, a new market maker scheme has been designed and is now being rolled out through a tender procedure. EEX invites all interested direct and indirect trading participants of EEX to participate in this procedure.

The new program combines standardisation to ensure equal treatment with flexibility for best service and attractive compensation under all market conditions. For more detailed information please get in touch with your Key Account Manager, who will provide you with further information and the necessary documentation. The rulebook for the tender can be found [here](#).The rulebook for the tender can be found [here](#).

In total, EEX intends to select up to 3 market makers for EUA spot, up to 6 market makers for EUA futures and up to 4 market makers for spreads according to the rules laid down in the tender rulebook.

¹ When used in this Customer Information the term “market making” shall also include the provision of quoting services by indirect trading participants of EEX and the term “market maker(s)” shall also include indirect trading participants of EEX providing such quoting services.

Trading participants who wish to take part in the new market maker scheme are requested to complete and submit their application to EEX no later than 15 September. EEX reserves the right for plausibility checks of the bidding forms and may exclude a participant from the selection process.

Please do not hesitate to contact your Key Account Manager or Market Operations if you have any questions.

Yours sincerely,

EEX Market Operations
