

EEX tenders new market making¹ agreements for Gas Futures Market

Dear trading participants,

EEX is pleased to offer new market making schemes for its Natural Gas Futures on several hubs. They are now being rolled out through a tender procedure. EEX invites all interested direct and indirect trading participants of EEX to participate in the tender.

The new program combines standardisation to ensure equal treatment with flexibility for best service and attractive compensation under all market conditions. For more detailed information please get in touch with your Key Account Manager, who will provide you with further information and the necessary documentation. The rulebook for the tender can be found [here](#).

In total, EEX intends to select up to 10 market makers for gas futures and up to 11 market makers for gas futures location spreads according to the rules laid down in the tender rulebook.

Trading participants who wish to take part in the new market maker scheme are requested to complete and submit their application to EEX no later than 1 November 2023 CET. EEX reserves the right for plausibility checks of the bidding forms and may exclude participants from the selection process.

¹ When used in this Customer Information the term “market making” shall also include the provision of quoting services by indirect trading participants of EEX and the term “market maker(s)” shall also include indirect trading participants of EEX providing such quoting services.

Please do not hesitate to contact your Key Account Manager or Market Operations if you have any questions.

Yours sincerely,

EEX Market Operations
