

EEX to launch Japanese Power Options

Dear trading participants,

The European Energy Exchange (EEX) will expand its Japanese power derivatives offering with the launch of EEX Japanese Power Monthly Options for the Tokyo and Kansai market areas with effect from Monday, **3 February 2025**.

The new options contracts will be settled against the average of the JEPX spot prices for the Tokyo and Kansai market area during the respective delivery month.

Product setup

The new products will be available at EEX for trade registration as follows:

New EEX Japan Power Options

EEX Short Code	Name	Underlying
OTBM	EEX Japanese Power Tokyo Base Month Option	FOBM
OKBM	EEX Japanese Power Kansai Base Month Option	FQBM

Underlying

EEX Japanese Power Base Month Future of the respective delivery area (Tokyo/ Kansai) with the same maturity, whereby the maturity corresponds to the delivery period of the underlying Future.

Further details on the new products can be found on the EEX website in the [EEX Contract Specifications for Trade Registration](#) and in the [EEX product code list](#).

Trading hours

The new EEX Japanese Power Options will be available for trade registration on all [EEX Exchange Days](#) from 9:00 to 18:00 JST (1:00 to 10:00 CET or 2:00 to 11:00 CEST). Please note that this time window includes queuing time before opening of the EEX Trade Registration System. Registration of queued trades takes place from 08:00 am CE(S)T – 10:00 am CET or 11:00 am CEST.

Transaction fees

The following standard transaction and clearing fees will apply according to the [EEX AG List of Services and Prices](#) and [ECC price list](#).

Product	EEX Fees	ECC Fees	Total Fees
EEX Japanese Power Options	2.00 ¥/MWh	1.00 ¥/MWh	3.00 ¥/MWh

Admission/Product Assignment

All trading participants admitted for the existing Japanese Power product groups at EEX and approved by ECC to trade these EEX Derivatives products will automatically receive access to the new products.

Clients not yet active on EEX are invited to start the admission process to become an Exchange Member or to explore options of indirect market access via one of the several market access providers to EEX Markets. Please reach out to the EEX Sales Team (sales@eex.com or +49 341 2156-555) to learn more about the options and to start the onboarding process.

For further questions related to the admission process, please contact EEX Customer Care (membership@eex.com or +33 (0)1 70 36 33 42).

Technical access

The new products will be automatically integrated into the EEX TT Screen as usual. Members trading through the solutions provided by Trayport® Joule® SaaS must ensure the products are included in their workbooks. The additional tradable expiries will be automatically added,

and the new products will be available within the corresponding Trayport instrument for each hub.

Exxeta Energy Trader® (EET) users can independently configure the new options in their user interface. Trade registration via Clearing Registration Service (eXRP), Trayport Clearing Link or Touchpoint can be done without additional adjustments.

Regulatory Reporting

Please note that EEX derivatives contracts must be reported under MiFIDII/MiFIR. Therefore, EEX's MiFIDII/MiFIR Reporting Services will automatically be extended to these products.

Please do not hesitate to contact us in case of any further questions.
