

Information on the migration of EEX Gas SFTP “backoffice”

Dear trading participants,

Please note that the EEX SFTP service for the “GAS backoffice” will be migrated to a new infrastructure on **9 December 2025**.

Changes from 9 December 2025:

- **SFTP Connectivity Update**

The current backoffice server will be decommissioned and replaced by:

DNS: **dms.eex.com**

IP public: **193.29.70.236**

Port: **22** uninterrupted access

- **Credentials**

You will receive new credentials in the coming days. The new infrastructure is available with the same directory structure, enabling you to test your new connection while keeping the existing one.

- **WebGUI decommissioning**

The backoffice web interface will not be maintained after the migration on 9 December. The single access will be via an SFTP client.

- **Directory Structure Update**

Trade files generated every 5 minutes will be dispatched at the root folder and will not be archived at the end of the day as it is currently the case. Trade files will remain in the root folder.

Please find below the current and future file directory for the respective files:

	Current situation	Future situation (from 9 December 2025)
current monthly invoice	<u>(ONLY SENT BY EMAIL FROM NOVEMBER ONWARDS)</u>	N/A
current trades recap	Gas/pwx_gas/invoices	gas/trade/yyyy/mm
trade files spot/futures (updated every five min, one per day)	Gas/pwx_gas/trade	
Previous invoices	Gas/archives/pwx_gas/invoices/yyyy	N/A
Previous trades recap (monthly)	Gas/archives/pwx_gas/invoices/yyyy/mm	gas/trade/yyyy/mm
Previous trade files (updated every five min, one per day)	Gas/archives/pwx_gas/trade/yyyy/mm	

Action Required

Please ensure that your technical teams are informed and prepared to:

- Update the SFTP client settings to reflect the new server address.
- Adjust file retrieval paths to accommodate the new file directory structure.

Should you have any questions or require assistance, please contact EEX Gas Market Operations or your usual EEX representative.
