

Adjustment of Settlement Window for Japanese Power Derivatives Market

Dear Trading Participants,

The European Energy Exchange (EEX) announces changes to the settlement window (the time frame for determining daily settlement prices) for its Japanese Power Markets.

The current settlement window of 16:30–17:30 JST (08:30–09:30 CET / 09:30–10:30 CEST) will be shortened to 17:00–17:30 JST (09:00–09:30 CET / 10:00–10:30 CEST).

This change will take effect on **1 December 2025**. The adjustment follows the notable increase of liquidity in the EEX Japanese Power market.

Further details are available in the [Settlement Pricing Procedure](#).
