

Hallo Leipzig.

Hello from ECC, the leading clearing house for energy and commodity products in Europe. As part of the EEX Group, we have our roots in Leipzig and 16 offices worldwide. For our customers, we make trading more secure through physical and financial settlement of transactions concluded on the EEX Group exchanges. What's the secret to our success? We are an expert team of dynamic individuals that drive forward exciting projects while sharing experiences, celebrating success and creating memories, together.

Process & Business Continuity Management Analyst (f/m/d) limited 15 months – Leipzig – fulltime

Your tasks:

As part of a specialist team your main responsibility will be to manage and maintain the business process inventory of EEX and ECC. Based on this you will support the creation or review of sound process descriptions, including the development of new standards for process management. Further, you will be asked to support business continuity management related analyses and help our company to develop robust and effective emergency plans as well as testing them.

This way you gain great insights into the inner workings of our exchanges and clearing house and contribute to securing future growth. A takeover into an unlimited contract from 2022 onwards in a similar or different position can be discussed.

After all, we value the exchange of ideas, being there for each other and encouraging each other to become better. We call it: the exchange mindset.

You have made it this far – together with us you can go further: Please send your job applications to Michael Schur at jobs@ecc.de or have a look online at ecc.de > Career. You are welcome at any time.

(For encrypted transmission of your applicant details, please contact jobs@ecc.de)
