

# Bonjour Paris.

**Hello from EEX.** As the leading commodity exchange in Europe, we develop, operate and connect the markets for global energy and commodity trading from Paris and 16 other worldwide offices. What's the secret to our success? We are an expert team of dynamic individuals that drive forward exciting projects while sharing experiences, celebrating success and creating memories, together.

## IT Project Manager / Product Owner Permanent position (m/f/d), Paris based

### Your responsibilities:

As part of our Project and System Design team, you take the role of Product Owner for several applications developed internally; you will identify and gather feature requests together with external and internal users, manage the product backlog, and schedule releases.

You also take the role of Project Manager, coordinating IT Projects inside the EEX Group; you lead design studies with key experts, define project scope and deliverables, coordinate cross functional teams, and take care of progress reports and comprehensive project documentation.

In doing so, you will become a valued partner for different stakeholders inside EEX Group as well as for external parties. In return you will receive a great deal for your outstanding performance from your team. After all, we value the exchange of ideas, working together and encouraging each other to become better. We call it: The exchange mindset.

---

**You have made it this far – together with us you can go further: Please send your job applications to Valérie MESNIER at [job@powernext.com](mailto:job@powernext.com) or have a look online at [eex.com](http://eex.com) > Career. You are welcome at any time.**
