

Bonjour Paris.

Hello from EEX. As the leading commodity exchange in Europe, we develop, operate and connect the markets for global energy and commodity trading from Paris and 16 other worldwide offices. What's the secret to our success? We are an expert team of dynamic individuals that drive forward exciting projects while sharing experiences, celebrating success and creating memories, together.

Business Developer, Permanent position (f/m/d), Paris based

Your responsibilities:

As part of our Gas team, you are part of the Gas and Sustainability markets Business Development Department. In one of the central functions of the exchange, you are especially in charge of performing market opportunity analysis and feasibility studies. To do so, you study new markets, potential services or partnerships, suggesting business opportunities and new business models. As a business developer and project manager, you are in charge of implementing the project once the study leads to a project while being in close contact with members and internal departments. And last, you help developing existing markets and/or services by monitoring the development of these activities, sharing the expertise gained in these markets, imagining enhancement of the offering to support the growth.

In doing so, you will become a valued partner for different stakeholders inside EEX Group as well as for external parties. In return you will receive a great deal for your outstanding performance from your team. After all, we value the exchange of ideas, working together and encouraging each other to become better. We call it: The exchange mindset.

You have made it this far – together with us you can go further: Please send your job applications to Manon SAMOT at job@powernext.com or have a look online at eex.com > Career. You are welcome at any time.

(For encrypted transmission of your applicant details, please contact job@powernext.com)
