

CUSTOMISED SOLUTIONS

EEX supports you in keeping pace with new transparency requirements:

- Page on www.eex.com with customised tables and charts showing reference prices for your clients
- Reliable publication of energy prices (intraday & end-of-day)
- Index calculation based on an individual price formula

YOUR BENEFITS:

Fulfil your price transparency obligation.

Tailor-made styles or presets

Automatic data import

Customised display of specific data extracts

Provide price transparency to your customers:

- Your reference prices on the EEX website
- Customised tables and charts
- Availability of historical data and best bid/best ask
- Increased trust within your customer base

Prices for all commodities traded at EEX:

- Power
- Natural Gas
- Environmentals
- Agriculturals
